

U-TURN Human Services, Inc.

U-TURN Human Services, Inc. is a private organization that carefully matches our clients with a Direct Support Professional (DSP) they are comfortable with by allowing them, if requested, to meet the DSP before they start work. U-TURN understands that we could never replace the loving care and support of your family; however, we can help you and your loved ones feel more comfortable, secure, and independent when family members are not present at the home. By striving to understand each person and family, we're able to provide quality, personalized services to help achieve goals and navigate life's challenges.

In-Home & Community Support

- Our In-Home & Community Support Services are provided in-home and in-community settings to assist participants in acquiring, maintaining, and improving the skills necessary to live in the community, live more independently, and participate meaningfully in community life.

Homemaker/Chore

- Homemaker services include cleaning, meal preparation, laundry, and other general household care. Chore services consist of services needed to keep the home in a safe, clean, and sanitary condition.

Respite – Home Based

- Respite is a temporary relief for live in caregivers of individuals with special needs. Respite care offers a safe and reliable way for caregivers to take a break from their usual daily care routine.

Companion Service

- Companion services are direct services provided to participants who live in private homes for the limited purposes of providing supervision or assistance that is designed to ensure the participant's health, safety and welfare and to perform incidental activities of daily living for the participant. This service is intended to assist the individual to participate more meaningfully in home and community life. This service may be provided in home and community settings, including the participant's competitive employment workplace.
